

Amendments

In the Claims:

Please substitute the following claim 3, 7, 11, 12 and 13 for the pending claim 3, 7, 11, 12 and 13, respectively.

Subj 3. An adhesive dispensing arrangement according to claim 1 in which the applicator means includes at least one absorbent pad secured to the patch along at least one marginal adhering zone, with a non-adhering zone of the pad being interposed between the dispensing container and the backing means for receiving the substance to be dispensed from the container after it has ruptured.

Subj 7. An adhesive dispensing arrangement according to claim 4 in which a pair of absorbent pads are provided in the form of adjacent flaps, each flap being formed with outer marginal adhering zones which are secured to the patch and a pair of intermediate non-adhering zones which are interposed between the dispensing container and the peelable backing, with the container being secured to the patch along an intermediate adhering zone located between the outer marginal adhering zones of the flaps.

Subj 11. An adhesive dispensing arrangement according to claim 1 in which the adhesive patch and the peelable backing define an outer sealed container within which the dispensing container is housed.

Subj 12. An adhesive dispensing arrangement according to claim 1 in which the

adhesive dispensing arrangement is in the form of a sticking plaster or adhesive bandage arrangement in a medical application, with the substance including any form of medicament.
